

10th ICTHIC ABS TEMPLATE

- **Abstract title:** Each abstract title should be formatted in sentence case.
- **Authors:**
 - Every author should be listed with initials (with punctuation) and last name.
 - If the presenting/corresponding author is to be identified, indicate this author with an asterisk, bold, or underline in every abstract.
- **Author affiliations:**
 - Number each affiliation and list them in sentence case for every author. If an author has multiple affiliations, indicate the numbers for each.
- **Abstract text:**
 - If headings are appropriate, format headings (with the colon) in boldface.
 - If any abstracts include references, cite them by number in brackets before the sentence punctuation (e.g., [1]). Do not superscript reference numbers.
- **Graphics/Tables:**
 - Any graphics should be cited accordingly (Figure 1, Table 1, etc.).
 - Figures should be clearly identified by abstract number and submitted in vector or high-resolution image files.
 - Tables must be formatted as tables, not with tabs or line breaks to manually align text.

This is the title of the abstract in sentence case.

A. Author^{1,2} B.C.D. Author^{2,4}, E. Author³, F. Author^{4,5}

¹Department of ..., University of ..., City, Country

²Department of ..., University of ..., City, Country

³Department of ..., University of ..., City, Country

⁴Department of ..., University of ..., City, Country

⁵Department of ..., University of ..., City, Country
